

# BunkerBoss™

## DEFINED BY THE SURFACE IT LEAVES BEHIND

There's always room for perfection. That's why the product innovations of BunkerBoss™ put it in a class by itself.

### FORM & FUNCTION

The 15-inch patented designed head of the BunkerBoss™, made from an injected one-piece mold of impact-resistant high-density polypropylene, is durable and contains UV inhibitors for longevity.

The unique dual-sided head promotes a more perfect surface -- wet or dry. Our rugged construction virtually eliminates broken tines with a shape that leaves sand smoother than the competition.

### RAKE IT BETTER

In golf, keeping the game moving is important and the BunkerBoss™ saves time. That's why the BunkerBoss™ is equipped with fiberglass handles that are lightweight and easy to use for golfers of all ages. They offer greater strength, plugged ends for weatherproofing the interior and UV inhibitors to improve the rake's life span. Our comfortable rubber handgrip provides greater control, allowing the golfer to restore the surface properly for the next player.

We know your time is valuable, so we equip every BunkerBoss™ handle with a pre-engineered hole and stainless steel screw for easy assembly. With BunkerBoss™, attention to detail makes the difference.

### THREE SIZES TO CHOOSE FROM

Because one size does not fit all, we offer a variety of sizes to fit the needs of each golf course.

HEAD SIZE	HANDLE SIZE	GRIP
15 inches	48 inches	No grip - for golf cart
15 inches	54 inches	Included - for bunker
15 inches	72 inches	Included - for bunker

### BEST VALUE IN THE MARKETPLACE

The BunkerBoss™ cuts down on maintenance time by your staff and honors the game by allowing your golfers to get the job done properly and efficiently. For quality, performance and price -- there's a new boss in town. BunkerBoss™.
